

Thanksgiving Prayer

LEADER: Let us begin our Thanksgiving prayer by naming gifts for which we are thankful.

Each person names a gift.

LEADER: God, Creator of stars and planets,

ALL: we thank you for the Earth that sustains us.

Jesus, we remember your love for us;
we thank you for putting your work in our hands.

Spirit of God, you give us breath each day;
we thank you for eyes to see and hands to serve.

Help us make room at our tables of plenty
for those in our world with too little,
and those forced from their homes by war
or poverty.

We thank the farmers who grow our food
and all the cooks who prepared this meal.
Bless us who gather to share it today.

Amen.
